Declaration of Compliance to IATF 16949:2016

Dear customer,

We hereby declare that MOBILEYE VISION TECHNOLOGIES LTD has implemented and maintaining a Quality Management System in alignment with the requirements of the IATF 16949:2016 standard.

Our organization has established and is operating a Quality Management System that supports the continual improvement of our processes, meets customer-specific requirements, and ensures compliance with applicable statutory and regulatory obligations relevant to the automotive industry.

This compliance is based on internal audits, management reviews, and the ongoing application of IATF 16949:2016 principles throughout all relevant areas of our operations. The Quality Management System is integrated with ISO 9001:2015 and structured to drive effectiveness, customer satisfaction, and product compliance with quality, performance, safety and regulatory requirements.

This declaration of compliance is valid for the following scope of activity: Development, manufacturing (*executed exclusively by manufacturing partners*) and supply of products for ADAS (Advanced Driver Assistance Systems) and systems for AV (Autonomous Vehicles).

Note: as per Mobileye policy, all our manufacturing partners are certified to IATF 16949:2016

Sincerely,

MOBILEYE VISION TECHNOLOGIES LTD
